The God Of All Cheems V2

WHITEPAPER

God of Cheems is a community-driven token built on the Binance Smart Chain that rewards \$DOGE instead of tokens.

How does it work? It works by using a proxy contract that distributes the Dogecoin rewards. Just sit back and watch your **\$DOGE rewards**

The project is led by an experienced **European doxxed team** who have vast **knowledge** of what it takes to run a serious project.

REFLECTION

The biggest SDOGE reflection token and the first with manual-claim feature. Simply hold SGOC tokens in your wallet and **you'll earn SDOGE**.
